Output:

Sample Output (V2)

Subject: Follow-Up on Internship Application

Hi Mr. Kumar,

Ask ChatGPT

Start writing

I hope you are doing well.

I wanted to follow up regarding my internship application submitted last week. I remain very interested in the opportunity and would appreciate any updates regarding the selection process.

Please let me know if any additional information is required from my side.

Thank you for your time and consideration.

Regards,

Lahari

3.Article summarizer:

v1:Summarize this article.

Output:

Sample Output (V1)

The article discusses artificial intelligence and its impact on modern industries. It highlights benefits such as automation, efficiency, and improved decision-making while also mentioning challenges related to privacy and ethics.

v2:You are an expert at article summarizing.

Summarize the following article about {topic}.

Requirements:

- Summarize in 5 bullet points
- Highlight key findings
- Mention the main conclusion
- Keep the summary under 150 words

Output:

Sample Output (V2)

Topic: Artificial Intelligence in Healthcare

- AI helps doctors diagnose diseases more accurately.
- Machine learning models analyze large medical datasets efficiently.
- AI-powered systems reduce administrative workload in hospitals.
- Data privacy and ethical concerns remain important challenges.
- The article concludes that AI will support healthcare professionals rather than replace them.
